## CALIFORNIA CHART OF ACCOUNTS

## **CALIFORNIA FILM & TELEVISION TAX CREDIT PROGRAM 2.0**

## ALL PROJECTS

Effective July 1, 2015

Revised October 29, 2015

Qualified expenditures qualify for tax credits. In order for purchases and rentals to qualify, they must be purchased and/or rented and used in the state. In order for wages to qualify, all services must be performed in the state.

The chart below is intended as a helpful guide. Qualified Expenditures are for pre-production, production, and post-production - <u>not for development</u>, <u>marketing</u>, <u>publicity</u>, <u>or distribution</u>.

Qualified wages should be tagged (QW). Qualified expenditures should be tagged (QE).

The 5% uplift for Qualifying Wages "Outside the Zone" (OZ) is for principal photography (PP); it can include prep, shoot, and strike periods - as long as they are incurred Outside the Zone and related to PP shoot days. All wage related budget lines for outside the zone labor should be tagged (**ZW**) in addition to (**QW**). (Not indicated on chart)

OZ Qualified Non-wage Expenditures are calculated by subtracting your Post Production, Insurance and legal costs (PST) from your (QE) group. The (PST) expenditures are indicated in RED on the chart. The percentage of days shot OZ is used to determine your uplift amount. Optional: If desired, you may itemize your totally consumed OZ expenditures by tagging them (ZE).

Visual Effects (VU) and Music Scoring & Track Recording (MU) expenditures that qualify for the 5% additional tax credit are indicated in GREEN. VFX (VU) expenditures indicated in GREEN also qualify for jobs ratio bonus points.

See Guidelines with respect to all expenditures eligible for 5% uplift.

VU, MU AND PST RELATE TO NON-INDEPENDENT PRODUCTIONS ONLY. INDEPENDENT PRODUCTIONS AND RELOCATING TELEVISION DO NOT NEED TO USE THESE TAGS IN THEIR BUDGETS.

## Listed in alphabetical order.
